

County: Geauga

Report Date: 4/18/2023

Summary

Conduent HCI's Data Scoring Tool provides a systematic ranking of your county's indicators to help set priorities for community health improvement. To read more about this tool, please see the Data Scoring Tool Methodology document. The Data Scoring Tool Report's summary includes the topics that are considered significant health needs, and indicators for which significant disparities were identified for your county. Following this summary you will find the full Data Scoring Tool results, including all indicator scores, all topic scores, and the indicators within each topic area that are considered a significant health need. Please keep in mind that this report is a snapshot in time, and only reflects the data that are current on Healthy Northeast Ohio as of the date the Data Scoring Tool was run. The findings from the Data Scoring Tool should be used, along with other considerations, such as community input, when prioritizing the health needs of your county.

Topic Scores

All indicator scores are averaged by topic area, to allow for a higher-level ranking of community needs. Resulting scores range from 0-3, where a higher score indicates a greater level of need. Below are the topic areas with scores of 1.50 or higher in your county. This is the cutoff used for a topic area to be considered a significant health need. Please see the results section below for the indicators that make up each of these topic areas.

Topic	Indicators	Score
Physical Activity	6	1.52

Identified Disparities

The Data Scoring Tool allows for the identification of significant disparities that may exist by race/ethnicity, age, and gender. Below are the indicators where significant disparities were identified in your county.

Indicator	County Distribution		Value		Target			Score	Precision	Age
	State	US	State	US	HP2030	Local	Trend			
Workers who Walk to Work	2	2	3	3	1.5		1.5	2.17	High	45-54, 55-59
Persons with an Internet Subscription	2	2	2	2	1.5		0	1.42	High	<18
Renters Spending 30% or More of Household Income on Rent	2	1	1	0	3		2	1.39	High	65+
Workers who Drive Alone to Work	0	0	1	2	1.5		0	0.58	High	60-64
People 25+ with a Bachelor's Degree or Higher	0	0	0	0	1.5		1.5	0.50	High	65+

Indicator	County Distribution		Value		Target			Score	Precision	Gender
	State	US	State	US	HP2030	Local	Trend			
Age-Adjusted Death Rate due to Cancer	0	0	0	1	3		1	0.61	High	Male
Age-Adjusted Death Rate due to Coronary Heart Disease	0	0	0	0	1		1	0.33	High	Male

Indicator	County Distribution		Value		Target			Score	Precision	Race/Ethnicity
	State	US	State	US	HP2030	Local	Trend			
Persons with an Internet Subscription	2	2	2	2	1.5		0	1.42	High	American Indian/Alaska Native, Hispanic/Latino
People 65+ Living Below Poverty Level	0	0	0	0	1.5		3	0.92	High	Other
Workers who Drive Alone to Work	0	0	1	2	1.5		0	0.58	High	American Indian/Alaska Native, Black/African American
People 25+ with a Bachelor's Degree or Higher	0	0	0	0	1.5		1.5	0.50	High	Black/African American, Other
Families Living Below Poverty Level	0	0	0	0	1.5		1	0.36	High	Other, Two or More Races
Per Capita Income	0	0	0	0	1.5		1	0.36	High	Asian, Black/African American, Hispanic/Latino, Other, Two or More Races
Median Household Income	0	0	0	0	1.5		0	0.08	High	Black/African American

Results

The remaining pages of this report include the full Data Scoring Tool results for your county, including indicator scores, topic scores, and scoring results by topic for topics with scores of 1.50 or higher.
