Sharing Knowledge to Create Healthier Communities

DATA DISPATCH - SEPTEMBER 2023

Dear Colleagues and Partners,

As this quarter ends, we are excited to share many new website features now available to you on healthyneo.org. This edition of the Data Dispatch includes some of our recent events and highlights new site enhancements such as the High School YRBS Dashboard and the new CHIP Progress Tracker for Ashland County. Read on for more information about each of these updates.

Earlier this month we also launched a Healthy Northeast Ohio [Website User Survey](#). To improve our program efforts and best serve you and your organization's needs, we invite you to complete this survey so that we can better understand how you are using healthyneo.org. We appreciate you taking the time to provide feedback.

Sincerely,
The Healthy Northeast Ohio Team

Webinar Recording

In August, Healthy Northeast Ohio hosted the “Utilizing Healthy Northeast Ohio for Grant Proposals” webinar. During this event, various web pages, indices, and resources available on healthyneo.org were previewed, to demonstrate how they can support the grant application and reporting processes. Grantees can use Healthy Northeast Ohio to help identify funding opportunities, support the grant writing process, and track and report progress to funders. Additionally, the platform can support grant makers by serving as a resource to inform alignment with local community health improvement efforts. View the webinar [recording](#) today or click [here](#) to learn more.

NACCHO360

In July, Healthy Northeast Ohio program staff attended the [NACCHO360](#) conference in Denver, Colorado. We were joined by Vickie Taylor, Health Commissioner of Ashland County Health Department, for a joint presentation, “Utilizing a Shared Data Platform to

Increase the Capacity of a Small Local Health Department”. We were thrilled to see some familiar faces in the audience!

Site Updates

NEW! High School YRBS Dashboard

A new High School Youth Risk Behavior Survey (YRBS) dashboard is now available on Healthy Northeast Ohio. The YRBS is conducted nationally every other year among 9th-12th grade students and includes health topics such as unintentional injuries and violence, tobacco use, alcohol and other drug use, sexual behaviors, dietary behaviors, physical activity, weight, and other topics. This dashboard includes select indicators from the High School YRBS for the state of Ohio and city of Cleveland. Subgroup data is available by gender, race/ethnicity, and sexual orientation, depending on the location. Visit the dashboard [here](#) for more information.

Resources

Congressional District Health Dashboard

Have you viewed the [Congressional District Health Dashboard](#)? This tool provides actionable measures of health and its drivers calculated at the congressional district level, to convey how a district is doing on health outcomes, social and economic factors, and more. The site provides an array of actionable and nonpartisan data at the

congressional district level to demonstrate the challenges in a region and drive positive change at the district, state and national levels.

Regional Community Health Reports

Several community health needs assessments across the Healthy Northeast Ohio region have been completed and made publicly available. Congratulations to the various partners and stakeholders engaged in this work. These reports, available below, can also be viewed on the Healthy Northeast Ohio county web pages and through the Resource Library:
